Dear Parent/Carer

NSPCC's *Speak out. Stay safe.* programme

I am pleased to inform you that we are participating in the **NSPCC's *Speak out. Stay safe.* Programme** this term. *Speak out. Stay safe.* is a programme for children aged 5-11 which aims to help children understand abuse in all its forms and to recognise the signs of abuse. Children are taught to speak out if they are worried, either to a safe adult or Childline.

This child friendly programme is aligned with the curriculum and consists of age appropriate virtual assemblies and supporting classroom based activities which we have reviewed, alongside NSPCC volunteer led face to face workshops for children aged 6-7 and 9-11. The content is delivered in an engaging and interactive way with the help of the NSPCC mascot Buddy. If you would like to know more about the *Speak out. Stay safe.* programme visit www.nspcc.org.uk/speakout.

Need help to manage
behaviour, tantrums
and meltdowns?

Want to
understand your
child's behaviour?

Behaviour's feel
out of control?

Want to help your
child understand
their own feelings?

Emotion Coaching can help!

What is Emotion Coaching?

Emotion coaching draws on **neuropsychology** and **attachment theory** to help you understand children's emotions and their behaviour. It is a **relational approach** based on building positive relationships through **empathy, attunement, understanding and respect**. This is something you will have already been doing through VIG.

The training supports parents and carers to;

- Understand the key principles underlying emotion coaching.
- Develop an understanding of different parenting styles and reflect on their style.
- Develop skills in using emotion coaching.

Evidence Based Approach

Research shows that Emotion Coaching:

- Helps children to calm down and better understand their emotions.
- Helps children to regulate, improve and take ownership of their behaviour.
- Helps adults to be more sensitive to children's needs.
- Helps create more consistent responses to children's behaviour.
- Helps adults to feel more 'in control' during tricky situations.
- Helps promote positive relationships
