

An Lester Trumach - The Packet Ship

2023-2024

Number 09

Wednesday 8th
November 2023

Dear Parents and Carers,

We noticed in Celebration Assembly on Friday that so many children have been exceeding in their attitude to maths over the past few weeks. We all commented that there is something Mathsy in the air! The way that maths is taught throughout the school ensures that key number facts, methods and calculations are the basis of all lessons and then children are able to apply their learning. This is called the mastery approach, where all children get to develop a love of maths through digging deeper. And it's working; we had fantastic maths results in our KS1 and KS2 SATs last year and, more importantly, the children see themselves as brilliant mathematicians.

FINAL SESSION - Miracle Theatre's Building Bonds Workshop
